CORPORATE VOLUNTEERING 2019

Looking for an outdoor challenge? Then we have a range of hands on activities that will improve team building and engage with your organisation's Corporate and Social Responsibilities

CORPORATE VOLUNTEERING & TEAMBUILDING

Our Corporate Volunteering team has years of experience of providing a bespoke service to support employers developing corporate volunteering programmes. We ensure that these programmes meet Corporate Social Responsibility (CSR) criteria and relevant organisational objectives, whilst they remain meaningful and are engaging with the community.

Bromley is the biggest and greenest Borough in London with over 160 parks of all sizes.

Our team provide you with the opportunity to carry out practical conservation and environmental work to improve green spaces in your local community. We aim that this programme connects your team with the community you live or work in, and is a perfect way to build team dynamics.

Costs include:

- Trained volunteer leaders managing your day.
- Project planning & set-up costs.
- Full risk assessment & insurance.
- Provision of tools and safety equipment.
- Case study of your day upon request.

We will work together to your requirements and budgets. Great care is taken to ensure that all volunteers have a safe, inclusive and enjoyable experience.

If requested, we also follow-up the corporate volunteering day with a summary of the team day out, including key achievements and how your involvement will benefit communities.

Rates

Our rates start from £295 + VAT for a group of up to 10 people.

The rate increases £100 + VAT for every additional 10 people; this is to reflect the amount of staff required, in addition to equipment and other essential resources.

Sessions are from 10.00am-3.30pm

Cancellation Policy:

For a full refund we require 10 working days notice to cancel bookings and 5 working days to reduce numbers attending.

If cancelled/amended without sufficient notice, then the full amount charged applies.
